

## **Talk & Tea with the LWV**

All members of the LWC-CDC and their family and friends are invited to join a wide ranging discussion of what the League does and how you can fit in.

New members in particular are urged to get answers to the questions they have as to how this venerable (100 years in 2020) and influential organization works.

Would be members may be surprised by what we have accomplished lately. 1) We lead the charge in defeating picture ID for voters and 2) Played a significant role in throwing out the gerrymandered district lines in the recent Supreme Court proceedings.

The Teas will be held at Margaret Kuo's restaurant in Media on the first Tuesday of the month between 5 – 6 p pm with the hope that folks who work in the area may stop by to catch up on what's up. There certainly is an active political scene in Media and as usual the League plays a non-partisan role. How does that work, you say? Come and find out.

We are open to addition days and times if there is enough interest. Email your "druthers" to Joyce at [joycecmi@aol.com](mailto:joycecmi@aol.com).
